These laws protect your privacy, but also let us give information about you to others if a law requires it. We may tell you before we give the information to another organization.

Why do we ask you for this information?

Senior LinkAge Line® is a statewide information and assistance service for people with Medicare, seniors, caregivers and all people seeking help with reducing their prescription drug expenses. The service is offered by the Minnesota Board on Aging and the Area Agencies on Aging. The Minnesota Department of Human Services has asked us to assist people who are enrolled in public health programs with various needs such as prescription drug expense help. In order for us to assist you, we need to ask you questions about your specific needs. Do you have to ask the questions you ask? You can refuse to answer any question we ask. Senior LinkAge Line® is funded by various grants that have reporting requirements. We ask you the questions in order to best assist you and comply with our reporting requirements. Most of the information we collect from you is reported to our grantors in a report that will not identify you individually and will not be reported by individual.

With whom may we share the information about you?
